

Honourable Mary Simon,
Governor General of Canada,

RE: Withdrawn Memorandum of Understanding

We are informing you through this letter, Canada Unity has officially withdrawn the Memorandum of Understanding (MOU).

It has come to our attention that the MOU is being erroneously presented in the house as a means of displacing the democratically elected government. This was not the intention behind or purpose for this document.

The MOU being discussed was delivered in Dec of last year and is unrelated to the current lawful protest now taking place in Ottawa.

We have officially retracted the document and are open to discuss further concerns. Please refer to Canada-Unity.com/MOU for the official press release, dated Jan, 08,2022.

Sincerely,

President Canada Unity
